## Schmizza Pub & Grub

In addition to the traditional Pizza Schmizza restaurant, we also build places called Schmizza Pub & Grub. This is a happening place, with a pizza by the slice bar, the other kind of bar, and plenty of seating for enjoying our terrific pizzas, pastas, schwings, salads, and schmore!

Your Schmizza Pub & Grub can accommodate from 45 and up. There really is no upper seating limit. We recommend locating in or near college and university housing, in relatively high traffic areas, but maybe with walking distance of dorms and the like. As a result, the investment required varies widely - based upon the footprint and dining room size and design elements. Did we mention these are happy, edgy, irreverent dining establishments? Our quest to create these environments means no two Schmizza's look alike. They share the same "feel", and mostly the same food and drink, but that's where the similarity ends.
